

## What We Do

Depend on Technovate Translations for all of your medical translation needs! We'll ensure that a translator with professional experience in your medical field will be working with you closely on your high quality translation to ensure accuracy, consistency and fast turn around time.

Does your medical translation require pin point accuracy and on time delivery?

## ACCURATE MEDICAL TRANSLATIONS

When it comes to translating documents such as medical reports, health manuals, consent forms and much more, medical translators must have experience in the medical field to be familiar with technical terms and also have an impressive fluency of multiple languages. For example, something like fibromyalgia is an English medical term that even some fluent English speakers don't understand.

## STRONG RELATIONSHIPS WITH CLIENTS

We work hard at building positive working relationships with our clients through high quality medical translations, fast turnaround times and excellent 24/7 client support.

This is how we've developed strong working relationships with our past medical translation clients:

- ✓ We have professionally trained translators with certifications and education in your medical field to work on your translations and ensure accuracy.
- ✓ Extensive experience translating complex, lengthy translation projects has taught us how to be efficient, so you get the most value for your translation.
- ✓ We combine our network of resources to tackle medical translation projects that other translation companies turn down due to length, complexity, availability of translators, etc.

Leading pharmaceutical companies, hospitals, research institutions and medical technology manufacturers are just some examples of the long-standing relationships we have in the medical industry through complex translation projects

## GET STARTED TODAY

If you need a high quality, accurate medical translation look no further than Technovate Translations. We focus on fast turn around times and excellent customer service so when you order from us, you know you'll be getting a quality translation from a company that cares.
